

Dear Applicant,  
Information for FY06 application:

The new FY 2006 update for IPAP application is now available at [www.cs.amedd.army.mil/ipap/](http://www.cs.amedd.army.mil/ipap/). Click on the Army emblem.

Note: There is an earlier application deadline of 1 March 2006 (not 1 April), new SAT minimum requirements, and a new Requirements Completion Course (RCC).

### **NEW for 2006!**

#### **Application deadlines:**

Your application must be received by **1 March 2006**. The only documents accepted after 1 March 2006 will be official transcripts (of courses in progress) and SAT scores. You may enroll in Spring courses as long as the transcripts arrive at USAREC by 1 June 2006. Only transcripts for courses in progress may arrive after 1 March 2006. The board is anticipated to meet mid June. Results will be posted mid August for the Jan, Apr, Aug 2007 classes.

#### **SAT requirements:**

All applicants, regardless of degree status, must take the Scholastic Aptitude Test (SAT) within five years of the application deadline. You must score at least a 450 in each section of the exam and a composite score of at least 1500 on the newer version or a minimum composite score of 1000 on the previous version. SAT **may not** be substituted with another college aptitude exam, i.e. GRE or ACT.

**Requirements Completion Course (RCC)** provides soldiers, who are missing certain courses and are therefore unable to meet all IPAP prerequisites, an opportunity to be reassigned to AMEDD Center and School, Fort Sam Houston, TX and obtain the needed prerequisites. Applicants who meet all academic and administrative eligibility criteria for IPAP application except for 15 or less semester hours (SH) can apply for consideration for enrollment in the RCC. Eligibility is limited to missing the following courses: 3 SH of Human Anatomy, 3 SH of Human Physiology, 6 SH of General (or higher) Chemistry and/or 3 SH of College Algebra. Applicants must meet all IPAP application deadlines except for official transcripts of courses in progress or pending. Applicants to the RCC will be boarded separate from the fully qualified applicants and may be selected if the board determines the applicant shows potential to successfully complete all academic requirements. Applicants selected for the RCC will be eligible to PCS to Fort Sam Houston to attend a local college to complete the prerequisite courses. Costs of tuition and books will be at the student's expense. IPAP, RCC and its constituents are exempt from any fiscal responsibility related to course enrollment in the RCC and will not reimburse tuition or book costs incurred by students. Students are encouraged to maximize the use of tuition assistance. Applicants who wish to be considered for enrollment in the RCC must meet the following criteria:  
1. Have at least 45 college credits, 15 of which include the resident prerequisite courses of 6 SH of English, 3 SH of Psychology, and 6 SH Humanities. 2. Have SAT scores of at least 450 in each section and have a minimum composite score of 1200 on the older version and 1800 on the newer version of the SAT. 3. Maintain an overall GPA and science GPA of 2.5 and achieve a letter grade of "C" or better in each course.
